**FREE WEBINAR**

Join us March 7<sup>th</sup>, 2018 from 12:00pm to 1:00pm EST

**The New AP Strategy: Leveraging Automation and Working Capital Optimization to Generate Revenue**

Region 3 will be hosting a FREE web-based presentation

This webinar will detail the features and benefits of accounts payable automation solutions, and involvement required from your organization's AP team to launch and maintain an effective accounts payable strategy designed to maximize revenue and efficiencies.

**KEY SUMMARY OF THE PRESENTATION**

The healthcare industry's evolving landscape challenges financial professionals to create efficiencies and reduce costs. A well-defined accounts payable payment strategy can impact your spend management function and allow your organization to capitalize on discounts, reduce costs, and gain revenue. Explore effective payment strategy development to maximize efficiencies and profitability.

This presentation will detail the features and benefits of accounts payable automation solutions, and involvement required from your organization's AP team to launch and maintain an effective accounts payable strategy designed to maximize revenue and efficiencies.

**About the Speakers:**

**Kurt Wachtendorf, APSC, CDIA+** - Kurt provides more than 20 years of experience designing and implementing "paperless" solutions for 250+ organizations in a variety of industries including finance, transportation, healthcare, manufacturing, distribution, retail, oil and gas, education and state and local government. After an award-winning career at IBM, Kurt has developed an outstanding reputation as a leading Certified Document Imaging Architect (CDIA+) in the enterprise content management (ECM) industry. Now with Commerce Bank, Kurt works with clients to evaluate their current Accounts Payable processes and create an AP Automation Analysis "blueprint." Kurt is a featured speaker for numerous organizations including The Institute of Finance & Management (IOFM), **The Accounts Payable Network (TAPN)**, The Institute of Financial Operations (IFO) and the Association for Information and Image Management (AIIM). His popular "7 Steps to Go Paperless" workshops guide organizations in going paperless with the Purchase-to-Pay process.
